

EMPLOYMENT OPPORTUNITY

WATER & WASTEWATER OPERATOR

Environmental Industrial Services Inc. (EISI) operates water and wastewater systems across the province for various public and private entities. EISI is looking for an Operator, preferably with Class 2 WWC, WWT, and WD certifications.

The successful candidate will work with the EISI team of operators responsible for operations and maintenance at various EISI facilities. These activities include, but are not limited to, monitoring treatment processes, conducting tests, collecting samples, troubleshooting problems, general maintenance (cleaning of equipment and building, painting, snow removal), providing vacation, sick leave relief, operational support to other EISI staff, and on-call duties as required across the province. The Operator must have the experience and knowledge to conduct themselves in a thoughtful and professional manner, be self-motivated and able to work without supervision. The ability to communicate in French is an asset.

Salary for this full-time position is based on qualifications and includes medical and dental benefits as well as a retirement plan.

Please submit resumes by May 27, 2019 to:

**John Kelly, P.Eng, Manager EISI,
110 Watts Avenue, Charlottetown, PE C1E 2C1
or by email to jakelly@gov.pe.ca**

We appreciate all applicants, however only those selected for an interview will be contacted.
